Dear Parents,

We are looking forward to another fun and safe summer at Camp Nubar this year. We would like to take this opportunity to inform you of two new policies that the Camp Nubar Committee recently adopted.

First, campers and staff will no longer be permitted to keep any food in their cabins.

This new policy is necessary to protect children that have food allergies and will help keep the cabins clean and free of unwanted pests. Counselors will be required to confiscate any food found in the cabins. Please note that campers will continue to have the opportunity to buy snacks at the Canteen. Please **do not** send food to Camp with your children or send it to them in care packages. For your convenience, there are many companies that specialize in sending food-free packages to campers, such as www.camppacs.com and www.just4camp.com.

Second, Camp Nubar is proud to announce that we are now a smoke-free camp!

Smoking will be prohibited by staff **as well as visitors!** When you visit Camp Nubar, please refrain from smoking on our grounds.

We appreciate your anticipated cooperation with these important new policies.

Sincerely,

Mardi Merjian
Chairman, AGBU Camp Nubar
